27th August 1952.

Dear Prof. Lederberg,

I am hoping to visit the United States in November of this year and would appreciate an opportunity of meeting leading workers in the fields of bacterial metabolism and genetics.

Would you please be good enough to let me know whether you could spare time to see me at your laboratories provisionally between November 17th - 19th, the precise date and time to be arranged later?

Yours sincerely,

(T.W. BURROWS)

Prof. J. Lederberg,
Dept. of Genetics,
College of Agriculture,
University of Wisconsin,
Madison, WISCONSIN.
